**NEW DEVELOPMENTS IN OPHTHALMOLOGY**

**October 11-14, 2014**

Avila Beach Hotel, Curacao

## INTRODUCTION

It is our pleasure to invite you to participate in the international course New Developments in Ophthalmology Curacao. We wish to continue the tradition of this meeting which was established by August Deutman in 1985 and has been held seven times since, most recently in 2011. The course is jointly organized by the Rotterdam Eye Hospital and the Department of Ophthalmology, Radboud University Nijmegen in cooperation with the association of Curacao Ophthalmologists. The course focuses on subjects that are of practical interest to general ophthalmologists as well as on new developments that may influence your practice in the near future.
